DEFERMENT AGREEMENT

For Value Received: The following installment payment(s) coming due under the contract described below are deferred as follows:

Present Due Date(s) of Installment(s) Being Deferred	New Maturity Date Upon Execution of this Agreement
08/07/2017 \$562.64	05/07/2019
09/07/2017 \$562.64	

This instrument evidences the deferment of installments due under a contract dated September 24, 2012, executed by the undersigned Buyer (and Co-Buyer) and held by GM Financial. The terms and provisions of said contract, except as herein modified, remain in full force and effect, and are incorporated herein by reference with the terms of your contract.

Interest will continue to accrue during the month(s) deferred on the unpaid balance of the contract at the rate specified in the contract and any deferment fee collected may not be sufficient to pay this accrued interest. This will result in a final higher payment due at the end of your contract on the new maturity date.

In the event that GM Financial determines, subsequent to the date hereof, that the Deferment Fee paid by Buyer exceeds the maximum fee permitted by applicable law, GM Financial will rebate the overcharge to Buyer by making a credit entry to Buyer's account in the amount of the overcharge. Please contact GM Financial's Customer Service Department for more information.

INSURANCE EXPIRATION NOTICE

Buyer (and Co-Buyer) understands that this deferment does not include the extension of insurance coverage, if any, for which a separate charge was included in the contract described above, and Buyer (and Co-Buyer) assumes full responsibility for extending such insurance coverage after the expiration date stated in the insurance policy or certificate.
